

# Anushka contestants ready to face it

It all started with a small contest to find a face which would launch a thousand ships for Brand Anushka, Chennai's own beauty experts. Shivani, who has nurtured the brand, was ecstatic when she was talking about how the contest went nationwide and how it is going to take place every year from this year on. 'Face of Year' has beautiful, talented men and women from across the country catwalking it out in Chennai. The Chennai contingent with ladies Amritha, Manjusha, Srichitra, Sneha and the only male contestant from the city, Nevin will have home base advantage and hopefully retain the tiara in the city. The contest gathered at the *Waterina*, the latest hotspot for parties - spotted at the event was designer Nazia Syed and Sarah. Cool dudes Sanjay, Ganesh and Naveen were ready to give the male contestant a run for their money. Come finals and its gloves off.
